an encyclopedia on the impact of war on american society from the first conflicts between native americans and europeans to the iraq war containing four hundred alphabetized cross referenced entries more than two hundred illustrations and approximately ninety primary documents

this 2005 book explores the evolution of americans first way of war to show how war waged against indian noncombatant population and agricultural resources became the method early americans employed and ultimately defined their military heritage the sanguinary story of the american conquest of the indian peoples east of the mississippi river helps demonstrate how early americans embraced warfare shaped by extravagant violence and focused on conquest grenier provides a major revision in understanding the place of warfare directed on noncombatants in the american military tradition and his conclusions are relevant to understand us special operations in the war on terror

the american culture of war presents a sweeping critical examination of every major american war since 1941 timely incisive and comprehensive it is a unique and invaluable survey of over sixty years of american military history

this book explores the evolution of americans first way of war to show how war waged again indian noncombatant population and agricultural resources became the method early americans employed and ultimately defined their military heritage the sanguinary story of the american conquest of the indian peoples east of the mississippi river helps demonstrate how early americans embraced warfare shaped by extravagant violence and focused on conquest grenier provides a major revision in understanding the place of warfare directed on noncombatants in the american military tradition and his conclusions

are relevant to understand us special operations in the war on terror

american history is not often truthfully told dispelling the myths that have bolstered national myth making paul atwood attempts to show americans that their history is one of constant wars of aggression and imperial expansion from the declaration of independence to present day war and empire takes a panoramic view of us military history explaining us actions in every major war from early combat with aboriginal nations imperialist conflicts with spain to the war on terror the book shows that far from being dragged reluctantly into foreign entanglements america s leaders have always picked its battles in order to increase their influence and power with little regard for the american soldiers and enemy civilians killed or made to suffer in the process this book is an eye opening introduction to the american way of life for undergraduate students of american history politics and international relations

challenging several longstanding notions about the american way of war this book examines us strategic and operational practice from 1775 to 2014 it surveys all major us wars from the war of independence to the campaigns in iraq and afghanistan as well as most smaller us conflicts to determine what patterns if any existed in american uses of force contrary to many popular sentiments echevarria finds that the american way of war is not astrategic apolitical or defined by the use of overwhelming force instead the american way of war was driven more by political considerations than military ones and the amount of force employed was rarely overwhelming or decisive echevarria discovers that most conceptions of american strategic culture fail to hold up to scrutiny and that us operational practice has been closer to military science than to military art this book should be of interest to military practitioners and policymakers students and scholars of military history and security studies and general readers interested in military history and the future of military power

from the acclaimed creator of the award winning documentary why we fight comes a deeply thought provoking and revelatory examination of the deepest roots of american war making and its troubling implications for the fate of american democracy

now in its third edition ways of war is a comprehensive guide to united states military history and its wider relationship to american society from the seventeenth century to the present day this volume remains an accessible and compelling textbook for students and instructors combining traditional drum and bugle history with war and society approaches to highlight the military s influence on american culture economics and politics the new edition contains over 60 maps both new and revised to further illustrate military battles campaigns and operations each chapter also includes a wealth of images alongside chapter timelines identifying key events text boxes providing biographical information and first person accounts and short bibliographies the final two chapters have been fully updated to include vital material on the end of the withdrawal of american forces from afghanistan in 2021 as well as information on new military technology and artificial intelligence that have changed warfare in recent years written by experienced instructors and designed to maximize student engagement the third edition of ways of war remains an essential text for american military history and war and society courses instructor and student resources for this book include a test bank of multiple choice discussion and essay questions interactive timelines annotated and expanded bibliographies for each chapter and chapter glossaries and flashcards

an engaging analysis of how americans commemorate wars this engaging look at the political battles over how americans have built monuments for wars from the civil war to vietnam reveals that these public monuments often become a touchstone for feelings about the war political expression and america s role in the world piehler s new preface

brings the story up to the present

in this volume fourteen american and european historians analyze various aspects of the american experience of war the term experience of war refers to the fact that individuals and societies reflect on the wars they live through as this reflection enters the nation s consciousness it shapes the country s domestic and foreign policy in three major sections the book addresses the role wars played in america s rise to power it analyzes the experience of war among soldiers and civilian opulations and asks how americans remember and interpret wars publisher s description
